# Allianz Moto

Allianz Moto is a product designed for motorbikes and mopeds, especially for private use. There are more than four million of these vehicles in Spain and more than 10% of them are insured with Allianz.

It is a multi-risk product that provides coverage of the requirements demanded by this market.

In response to the demands of the two-wheeled vehicle sector, at Allianz Seguros we have introduced great improvements to our products.

“Designed for motorbikes and mopeds, especially for private use.”

Allianz Moto

## Unique product advantages.

- Rate depending on the horsepower and type of vehicle.
- **Special rate for mopeds** for drivers who have a motorbike licence.
- **Special discount** if the client also has another vehicle insured with Allianz.
- **Special discount** if the client has underwritten another Allianz insurance policy (private/non-vehicle).
- Discount option for 'riding without a passenger'.
- **Discount for mopeds** that have voluntarily passed the vehicle inspection test (ITV).
- **Advance indemnity payment.**
- **Permanent roadside assistance network** (only motorbikes).
- **Daily subsidy** for loss of vehicle or licence, as well as for loss of licence through the points system (only motorbikes).
- **Payment for the course to recover lost points and licences through the points system** (only motorbikes).
- **Advice on traffic fines.**
- **Motorcyclist bodily injury accidents.**
